

CC8001

Sanitiser Disinfectant Spray, 500ml

High Performance • Kills 99% Bacteria
• Alcohol Free •

PRODUCT DESCRIPTION

High performance sanitizer for hard and soft surfaces. Contains active biocides, which gives effective & residual action unlike alcohol based products. Most surface types - such as handles, handrails, doors, tablets and desks, and other areas of frequent contact

FEATURES & BENEFITS

- Kills 99.9% of bacteria
- Alcohol-free, No skin irritation or flammability
- Non corrosive
- Non staining
- Provides a streak-free finish, on most surface including glass and stainless steel

Active biocides in the formula provide a longer lasting protection than alcohol based solutions

Size: 500ml

CERTIFICATION

- Meets standard of EN 1276

INSTRUCTIONS FOR USE

Spray from a distance of approximately 10 - 20cm from the surface to be treated. Alternatively, to fog a large area, use generous sweeping motions while spraying.
