Microflex Hi-Vis AS FR Rain Jacket

Flame Retardant • Anti-Static •
Waterproof • High-Visibility

PRODUCT DESCRIPTION

The Microflex rain jacket offering high visibility, flame retardant properties and anti-static properties for use in hazardous environments. The advanced 170gsm Microflex fabric is breathable which significantly reduces sweating while being completely waterproof.

Microflex ensures personal comfort and protection from snow, wind and rain. It is 100% waterproof coupled with a degree of permeability, any build up of condensation inside the garment is quickly dissipated by the unique knitted backing of the fabric. All the garment seams are sealed by high-frequency welding to ensure no water penetration.
