## PPE Two Door Compartment Locker

Anti-bacterial powder coated • 2  
Compartments • Robust Construction

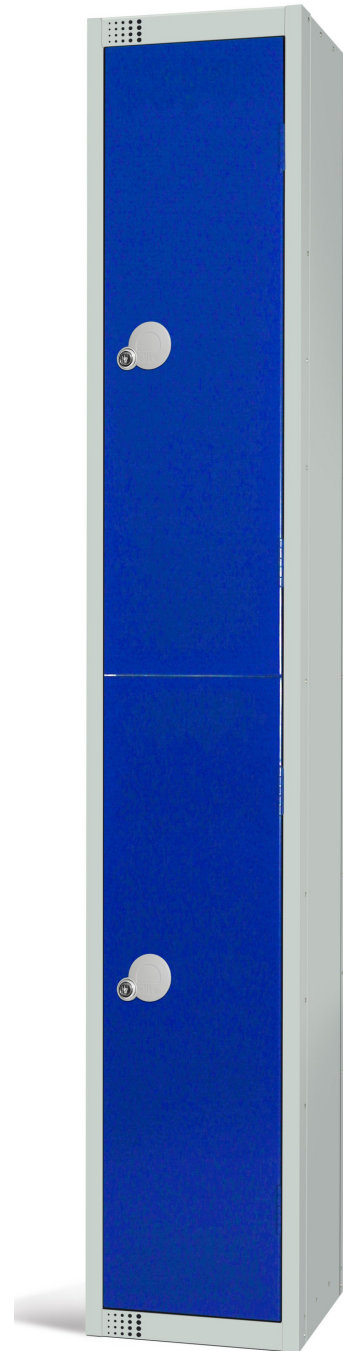

### PRODUCT DESCRIPTION

The Two door lockers provide 2 individual compartments with a coat hook for hanging coats and garments. When the seat stands are used, locker are raised by 340mm and the seat height is 370mm. The stands are constructed from welded 38mm tubular steel, powder coated to match locker carcass. The stands have adjustable feet. These stands offer the user somewhere to sit. Locker stands without seats are also available - these raise the locker by 150mm.
